

June 15, 2023
14:00 to 16:00

Room 16

Session 1: [EC. POLICIES] Experiments in economic planning

Session Chair: Emilio Carnevali, Northumbria University

1. On the takeover mechanism of shareholder socialism

By Emilio Carnevali, Northumbria University

Discussant: Dario Guarascio, Sapienza Università di Roma

2. Is Hayek's knowledge problem still relevant for economic planning?

By David Mota Iria, Università di Siena

Discussant: Emilio Carnevali, Northumbria University

3. Blurring boundaries: an analysis of the digital platforms-military nexus

By Dario Guarascio, Sapienza Università di Roma

Discussant: Sebastian Valdecantos, Aalborg University

4. Saving to build wealth? An empirical analysis of the high (and increasing) current account surplus in Denmark

By Mikael Byrialsen & Sebastian Valdecantos, Aalborg University

Discussant: David Mota Iria, Università di Siena

Room 17

Session 2: [EC. POLICIES] (IPKN-PKES) Income distribution and aggregate demand

Session Chair: Enrico Sergio Levrero, Università Roma Tre

1. A composite index for workers' bargaining power and the missing-inflation matter

By Claudia Fontanari, Enrico Sergio Levrero & Davide Romaniello, Università Roma Tre

Discussant: Daniele Tori, The Open University

2. Minimum wage, aggregate demand and employment: A demand-led model

By Cem Oyvatt, University of Greenwich

Discussant: Davide Romaniello, Università Roma Tre

3. A model of the relationship between the interest rate and the profit rate

By Riccardo Zolea, Università Roma Tre

Discussant: Cem Oyvatt, University of Greenwich

4. Financial demand-driven macro-dynamics in the US housing market

By Daniele Tori, The Open University

Discussant: Riccardo Zolea, Università Roma Tre

Room 18

Session 3: [EC. THEORY] The growth model perspective to the analysis of comparative capitalisms: Combining political economy and Post-Keynesian approaches

Session Chair: Lucio Baccaro, Max Planck Institute for the Study of Societies

Discussant: Valeria Cirillo, Università di Bari Aldo Moro

1. Growth models and key sectors

By Lucio Baccaro & Sinisa Hadziabdic, Max Planck Institute for the Study of Societies

2. Brussels syndrome? How elite consensus preserves the Euro in Italy

By Lucio Baccaro & Arianna Tassinari, Università di Bologna

3. Between export-led growth and administrative Keynesianism: Italy's two-tiered growth regime

By Donato Di Carlo, Luiss

4. Conflict inflation and autonomous demand: A supermultiplier model with endogenous distribution

By Guilherme Spinato Morlin, Università di Pisa, & Riccardo Pariboni, Università di Siena

Room 19

Session 4: [HET] (ADEK-IPKN) Reading Keynes and his influence: Franco-Italian post-Keynesian viewpoints

Session Chair: Edwin le Heron, Sciences Po Bordeaux

1. The influence of Keynes on Pierre Mendès Frances's political action and economic thinking

By Jean-François Ponsot, PACTE Univ. Grenoble Alpes

Discussant: Carlo D'Ippoliti, Sapienza Università di Roma

2. The introduction of Keynes' ideas in France: 1936-1970

By Edwin Le Heron, Sciences Po Bordeaux

Discussant: Jean-François Ponsot, PACTE Univ. Grenoble Alpes

3. The influence of Boole on Keynes' Treatise on Probability. An interpretative puzzle?

By Massimo Cingolani, independent researcher

presented by: Massimo Cingolani

Discussant: Edwin le Heron, Sciences Po Bordeaux

4. Does Keynes need raising?

By Carlo D'Ippoliti, Sapienza Università di Roma

Discussant: Massimo Cingolani, independent researcher

Room 20

Session 5: [ISSUES] Freedom and Media

Session Chair: Alina Verashchagina, Università G. d'Annunzio di Chieti-Pescara

1. Poverty, economic freedom, and the size of government in the Eurozone

By Rosaria Rita Canale, Università di Napoli Parthenope, & Giorgio Liotti, Università di Messina

Discussant: Christos Mavridis, Università G. d'Annunzio di Chieti-Pescara

2. Protests and police militarization

By Christos Mavridis, Università G. d'Annunzio di Chieti-Pescara, Orestis Troumpounis, Università di Padova, & Maurizio Zanardi, University of Surrey

Discussant: Alina Verashchagina, Università G. d'Annunzio di Chieti-Pescara

3. Mass media, attitudes toward immigration and policy preferences

By Alina Verashchagina, Università G. d'Annunzio di Chieti-Pescara

Discussant: Matteo Migheli, Università di Torino

4. Freely (un)equal

By Matteo Migheli, Università di Torino

Discussant: Giorgio Liotti, Università di Messina

Room 21

Session 6: [ISSUES] Innovation and labour productivity

Session Chair: Matteo Deleidi, Università di Bari Aldo Moro

1. Kaldor–Verdoorn’s law: Do institutions matter? Evidence from Italian provinces

By Matteo Deleidi, Università di Bari, Davide Romaniello, Università Roma Tre, Luigi Salvati, Università Roma Tre, & Francesca Tosi, Università di Bologna

Discussant: Kimberly Celestiano, Università di Bari Aldo Moro

2. Public procurement, incentives, and investments: Is this the road to digital transition?

By Valeria Cirillo, Università di Bari, Matteo Deleidi, Università di Bari, Marialuisa Divella, Università di Bari, Dario Guarascio, Sapienza Università di Roma

Discussant: Luigi Salvati, Università Roma Tre

3. Productivity puzzle in European regions: A Kaldor–Verdoorn approach

By Maria Cristina Barbieri Góes, Università Roma Tre, Matteo Deleidi, Università di Bari, Raffaele Lagravinese, Università di Bari Aldo Moro

Discussant: Marialuisa Divella, Università di Bari Aldo Moro

4. Green innovation and firms’ productivity. Evidence from the Italian manufacturing sector.

By Kimberly Celestiano, Claudia Capozza, Alessandro Rubino, Università di Bari Aldo Moro

Discussant: Raffaele Lagravinese, Università di Bari Aldo Moro

Room 22

Session 7: [ISSUES] Health, sustainability, biodiversity

Session Chair: Antonella Rancan, Università del Molise

1. The impact of the second lockdown policy on general health status: evidence from the UK

By Enza Simeone, Università di Bari Aldo Moro

Discussant: Diana Barrowclough, UNCTAD

2. Economists’ early contributions to health economics and health inequalities

By Antonella Rancan, Università del Molise

Discussant: Massimo Di Matteo, Università di Siena

3. Do medical doctors make different health care ministers?

By Silvia Coretti, Sapienza Università di Roma, Joan Costa-Font, London School of Economics, & Gilberto Turati, Università Cattolica del Sacro Cuore

Discussant: Enza Simeone, Università di Bari Aldo Moro

4. Climate blues and the oceans economy: Time for blue banks and a blue New Deal?

By Diana Barrowclough, UNCTAD

Discussant: Silvia Coretti, Sapienza Università di Roma

Room 23

Session 8: [LABOUR] Labour, wages and poverty

Session Chair: Irene Brunetti, INAPP

1. Low pay and household poverty in Italy

By Chiara Mussida, Università Cattolica del Sacro Cuore, Dario Sciulli, Università G. d'Annunzio di Chieti-Pescara

Discussant: Irene Brunetti, INAPP

2. Peer interactions, local markets, and wages: Evidence from Italy

By Irene Brunetti, Valerio Intraligi, Andrea Ricci, INAPP, Claudia Vittori, Università Roma Tre

Discussant: Dario Sciulli, Università G. d'Annunzio di Chieti-Pescara

3. Low-paid work and living wages: North America and Europe in comparative context

By Carlo Fanelli, University of York

Discussant: Valentina Ferri, INAPP

4. Citizen's income: Microsimulation and behavioural effects

By Valentina Ferri, Marco Biagetti, Salvatore Marsiglia, INAPP

Discussant: Carlo Fanelli, University of York

Room Starace

Session 9: [METHOD] (ADEK-IPKN-PKES) Post-Keynesian ecological models

Session Chair: Stefano Di Bucchianico, Università del Salerno

1. The macroeconomics of real income and rebound effects

By Lorenzo Di Domenico, Università Cattolica del Sacro Cuore, Jacopo Di Domenico, Università di Macerata

Discussant: Marco Veronese Passarella, Link Campus University, Roma, Leeds University Business School

Housing decarbonisation policies and household financial fragility: a stock-flow consistent analysis

By Ali Berk Kokbudak, Maria Nikolaidi, University of Greenwich

Discussant: Lorenzo Di Domenico, Università Cattolica del Sacro Cuore

2. Is the breakdown avoidable? Stranded assets and the credit constraint in a degrowth regime: A Post-Keynesian stock-flow consistent model

By Pierre Funalot, CEPN

Discussant: Ali Berk Kokbudak, University of Greenwich

3. Using input-output stock-flow consistent models to simulate and assess "circular economy" strategies

By Marco Veronese Passarella, Link Campus University, Roma, Leeds University Business School

Discussant: Pierre Funalot, CEPN
